Importance: High

Hello,

I am visiting Chicago in just over 4 weeks for a few days and I plan to spend a lot of time travelling on Metra's train services, due to both my hobby and my professional interest.

Would it be possible to provide your current equipment cycles across the whole network? I would like to travel on every possible locomotive I can whilst in Chicago and this would go a long way to helping me do this more efficiently.

As you can see from my email address I am a fellow railroad colleague, if you have any questions or need any more information please feel free to get back to me.

Best wishes,

Damian Clement
