Good afternoon,

My name is [REDACTED] and I recently was In contact with you guys about receiving my incident report from October 7th 2015. I called that night and made a report with metra police because the conductor didn't do anything when the incident happened, the only thing I really know is the train number other than that it should be all in the report.

The train # is 147

My lawyer needs this report asap

Thanks again
