RE: 17-FOIA-044 Average Metra runs

To whom it may concern:

We are in receipt of your request for information pursuant to the Illinois Freedom of Information Act, 5 ILCS 140/1 *et seq.*

On February 14, 2017, we received your request for the average number of trips a Metra train runs. I emailed you that same day to clarify and narrow your request and you clarified the request to the miles of trackage Metra runs their commuter lines on every day (“**Request**”).

Metra’s Strategic Capital Planning Department informs us that the total track mileage for all of our commuter lines is 1,154.9 miles. This information can also be found at the link below:

https://www.metrarail.com/sites/default/files/assets/online_brochure_8.5x11_budgetbook_2017_final.pdf

If I can be of further assistance to you, please do not hesitate to contact me.

Sincerely,

Sonserese Hatch
