RE: 19-FOIA-214 Beverly Station Info for 2019-05-11

Dear Ms. Jamison:

We are in receipt of your request for information pursuant to the Illinois Freedom of Information Act, 5 ILCS 140/1 *et seq.* (“FOIA”).

On July 3, 2019, we received your request for a detailed list of the times Metra train[s] arrived at the 95th Beverly Station on May 11, 2019.

Metra’s Transportation and Engineering departments are providing you with an Excel spreadsheet which provides the time of day / night Metra trains arrived at and departed from the 95th Street Metra Station on May 11, 2019. The arrival and departure times are listed in military time format. The “On Schedule” column represents the number of minutes the train was late. The “Dwell Seconds” column represents how much time the train spent at that particular stop before it departed. Please note however, although this is the only GPS tracking information Metra has available at this time, it is possible the information is inaccurate by 6-12 minutes.

If we can be of further assistance to you, please do not hesitate to contact us.

Sincerely,

Angela K. Ollie
